Is Death Gathering in His Harvest—

The Cholera Believed to Be Receding.

An Indiana Freight Train Repeats an

Accident of a Year Ago With Serious Results.

Diseased Cattle in Chicago—Good News

From Gordon—The Indiana Bank Wreck.

The Cholera.

MARSHFIELD, July 29.—A classification of deaths from cholera, according to the nationality of the victims, gives the following results: French, 798; Italian, 822; Spanish, 18; Greek, 9; English, 1; Austrian, 1; German, 1; American, 1.

Nine deaths from cholera in Marshfield last night; thirteen in Toulon. The situation in infected districts continues to improve.

STILL DYING.

MARSHFIELD, July 29.—Two deaths from cholera since 9 o'clock. President Grevy has been suffering with a fresh attack similar to the illness with which he suffered last year. The danger is now passed.

A FOR GREATER THAN THE ARMY.

LONDON, July 29.—The Duke of Cambridge, commander-in-chief of the British army, has ordered the barracks throughout England placed in the best sanitary condition. He also ordered the creation of a system of medical relief and the removal of troops into camps in case the cholera appears among the soldiers.

Gordon Alone and Quite Comfortable.

CAIRO, July 29.—A merchant who left Kassa June 21, says that before starting he read a letter from General Gordon to the mahdi of Kassa, dated June 11. According to this Gordon was safe and had abundant provisions and ammunition. He was short of money and was raising funds by issuing bonds. He was hemmed in on all sides by the rebels. As soon as the Nile rose his intention was to equip steamers. At Kassa, the merchant says, there were provisions sufficient for five months. The population of Kaddarif, he states, have joined the mahdi.

St. Cattle in the Market.

CHICAGO, July 29.—The arrival of a number of sick cattle having been reported at the Union stock yards of this city, application was made by a number of veterinary surgeons this morning, who are not yet ready to submit an official report. The fact is, however, they have agreed that the disorder is the Texas fever, superinduced by drinking water strongly impregnated with alkali. The cattle have been quarantined and isolated. Those unable to recover are being shot and those which are drooping will be held in quarantine for further developments.

A Singing Feast.

READING, Pa., July 29.—The grand saengerfest of the German singing societies of Pennsylvania commenced here today. Mayor Rowe, delivered an address of welcome. The festival will last three days. Among the societies participating are the Baltimore Liederkreis, New York Saengerbund, Wilmington Saengerbund, Brooklyn Liederkreis and a great number of Pennsylvania singers.

Sunk by a Steamer.

CLEVELAND, July 29.—A dispatch received here states that the iron steam-ship Alberta ran down the propeller J. M. Osborne of White Fish Point, Lake Superior, Sunday night, the propeller sinking immediately in 160 feet of water. It is reported that the mate, cook and five hands went down with the vessel. The captain, passengers and remainder of the crew escaped in the boats of the Osborne.

A Western Plote.

PORTLAND, Oregon, July 29.—The report reaches here that an organized band of stock thieves have been run down and captured by a party of regulars at Walowa Valley, Oregon. Seventeen thieves were caught with a large number of valuable horses. The two ring leaders were hanged and the remainder were turned over to the authorities.

Down in Front.

LONDON, July 29.—Great precautions have been taken at Warwick to preserve order during the trial of Daily, Egan and O'Donnell, the suspected dynamiters. Strong barriers to protect the approaches of the court and constables armed with revolvers will be placed on the guard at all public buildings.

A Wild Wind.

St. Johns, N. B., July 29.—The mail steamer Plover, from the Straits of Belle Isle, and recent dispatches report a furious northeaster there, which began

July 9, lasting ten days. Several fishing crafts were sunk and lost. Only two persons are known to have been lost.

Another Monster Bank Wreck.

BRAZIL, Ind., July 29.—The Commercial bank has suspended. Liabilities about \$140,000; assets nominally \$170,000. It is said the entire county school fund is in the bank.

ONLY LOCAL.

NEW YORK, July 29.—Winslow, Lanier & Co. state that the effect of the Brazil bank failure will be entirely local, as the bank was a small concern and only kept very light accounts here.

THREE HANTS, July 29.—The Commercial bank of Brazil, which closed its doors yesterday, is a private banking company. Capital, \$100,000; deposits the same. Hiram Leter is the president and Arthur Dillon, cashier. Among the depositors are the funds of nearly every township in the county. Indignation is felt because deposits were received after a refusal to cash checks. A slow but steady run has been going on for several days. A receiver will be appointed.

OTHER FAILURES.

WALL STREET, July 29.—In relation to the suspension of DeWitt & Swan, a member of the law firm of Lord, Day & Lord says the irregularity of their employment, W. E. Scoville, does not affect the firm one dollar, and the securities offered for hypothecation and retransfer which were the individual property of Mr. Day will all probably be recovered.

NEW YORK, July 29.—Rudd Bros. have assigned. Preferences \$21,968.

The Irish Convention Postponed.

BELFAST, July 29.—The authorities of the Irish National League have decided to postpone the national convention, called to meet in this city to-day. This action is taken on the understanding that after parliament is prorogued Parnell will call a convention of every county in Northern Ireland. The central council of the league passed a resolution expressing regret that Parnell had deeply wounded his northern supporters by his attitude toward the Belfast convention.

Crushed Through a Bridge.

WORKINGTON, Ind., July 29.—The west span of the Narrow Gauge railroad bridge across White River, near Bloomfield, went down last evening, precipitating an entire train and all its passengers into the river, killing instantly William Hibbert, Swiss City. Dr. Cole was seriously hurt; one brakeman got his leg and jaw broken, and Jan. East, son of T. R. East, of Swiss City, badly hurt. All the passengers were more or less injured. It was the same bridge that went through about one year ago.

Harrison to appear and make a report of the condition of his trust. Harrison's report was presented, but not read, and further action was postponed until to-morrow. It is understood the report shows him to be short about \$95,000. Harrison is and has been for several days under police surveillance.

A NICE PROMOTION.

Col. Sam B. Sweet, Appointed a Division
Freight Agent of the Wabash-An
Important Visit of Mr. Tol-
mange and His As-
sistants.

Late yesterday afternoon a distin-
guished party of railroad men arrived in
the city. Among the magnates were A.
A. Talmage, general manager; James
Smith, traffic manager; K. H. Wade,
superintendent of transportation; M.
Knight, general freight agent; F. Chan-
dler, passenger and ticket agent; J. M.
Osborn, commercial agent; A. W. Col-
ton, manager of Wabash propeller lines;
C. W. Stevens, superintendent of the
eastern division. The train stopped at
Fairfield avenue and with Master Mo-
chanic Barnes, the distinguished gentle-
man carefully inspected every depart-
ment of the Wabash shops. They then
proceeded to the depot and there Mr.
Knight, the general freight agent, no-
tified Col. Sam B. Sweet of his promotion
to a division freight agency of the
Wabash, with headquarters at Peru.
Mr. Sweet's territory includes the main
line from New Haven, Ind., to Danville,
Ill. He also has charge of the old Bel
River division from Detroit to Peru and
the Indianapolis, Peru and Chicago
road from Indianapolis to Michigan City.

Mr. Sweet has been freight agent here
for ten years and a longer period has
served the company, who always appre-
ciated his work. Mr. Sweet is personally
clever and while Fort Wayne cannot
afford to lose him the Sentinel congrat-
ulates Mr. Sweet and predicts he
will yet reach the general freight agency
of the Wabash. Mr. Sweet's successor
here is to be Mr. Charles H. Nowlin,
long embler in the freight office and for
the past three years yard master in the
city. Mr. Nowlin is a fine young man
and will fill the position with credit.
The Sentinel is pleased with his ap-
pointment, because he will please the
patrons of the road and be always agree-
able like his predecessor.

A RURAL RACKET.

Caleb Townsend smashes Joseph S. Cole-
man on the New Over the Purchase of
a Pony—The Old Coleman-Bur-
gess Matter up Again in
an Unpleasant
Way.

The failure of Coleman & Burgess at
New Haven is familiar to our readers
and the fact they left numerous creditors
is also remembered, Caleb Townsend be-
ing among the number. Yesterday
Joseph S. Coleman had a sale of per-
sonal property and Mr. Townsend had a
young friend bid \$60 for a pony. The
animal was sold at the price and Town-
send handed Mr. Coleman an old
Coleman & Burgess note for \$50,
and \$10 in gold. Mr. Coleman refused
the note and stepped aside to get his
horse. He did not, however, for Mr.
Townsend hit him a terrific blow in the
face, knocking him senseless. Friends
then interfered, but Townsend led the
horse to his home. This morning Mr.
Coleman came to town and instituted re-
plevin proceedings to recover his property.
Deputy Sheriff Dodge and Mannix went
out after the animal and a big row is
looked for. Coleman's eyes are black as
coal and he can hardly see. Later he
will institute damage proceedings against
Townsend.

HANDLED BY A MACHINE.

A Young Man Falls Into a Mower and is
Allowed to Bleed to Death in the
Field—An Inquest
Opposed.

Yesterday afternoon Louis Minneker,
a young man, was at work on a mowing
machine on the farm of Mrs. Henschel,
near Hadley station, in Lake township.
The horse driven rash away and young
Minneker was spilled in front of the
mower which mangled him frightfully.
He was picked up by fellow workmen,
but before medical aid arrived he bled
to death. The boy's father, Ernest Min-
neker, is a carpenter and lives on Erie
street. He objected to the holding of an
inquest on his son, but Dr. J. M. Din-
nen consulted Hon. R. C. Bell, the county
attorney, and proceeded to make an official
examination of the case as the law
directs. Drs. W. H. and H. S. Meyers
will testify that if the young man was
cared for properly, immediately after the
accident he would have survived the
shock. The doctors say he bled to death
as no one attempted to bind the gaping
wounds from which blood spurted.

digestive and body make life mis-

longed and increased by the use of bit-
ters and pretended cures of kidney and

Guyot's Yellow Dock and Sarsaparilla.
It purifies the blood, strengthens the
urinary and digestive organs, and infuses

other remedy equals it. Have your drug-
gist get it for you.

How to Shorten Life.

The receipt is simple. You have only
to take a violent cold, and neglect it.
Abernethy, the great English surgeon,
asked a lady who told him she only had
a cough: "What would you have? The
plague." Beware of "cough cures."
The worst cough can, however, be cured
by Dr. Wm. Hall's Balsam for the Lungs.
In whooping Cough and Croup it im-
mediately allays irritation, and is sure to pre-
vent a fatal termination of the disease.

they say "Take some of Pond's Extract"
or for a hurt or accident "Put some of
Pond's Extract on it," as naturally as
they say good morning.
